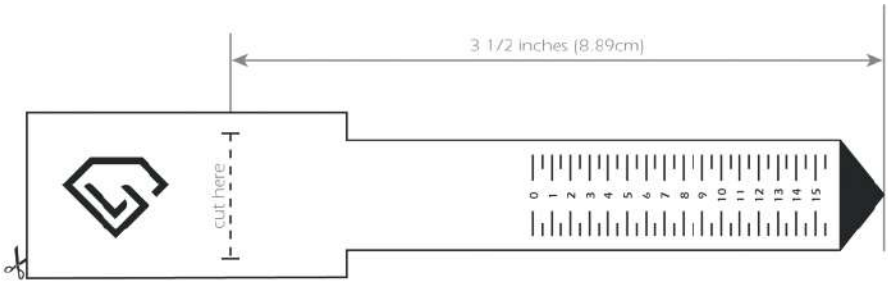
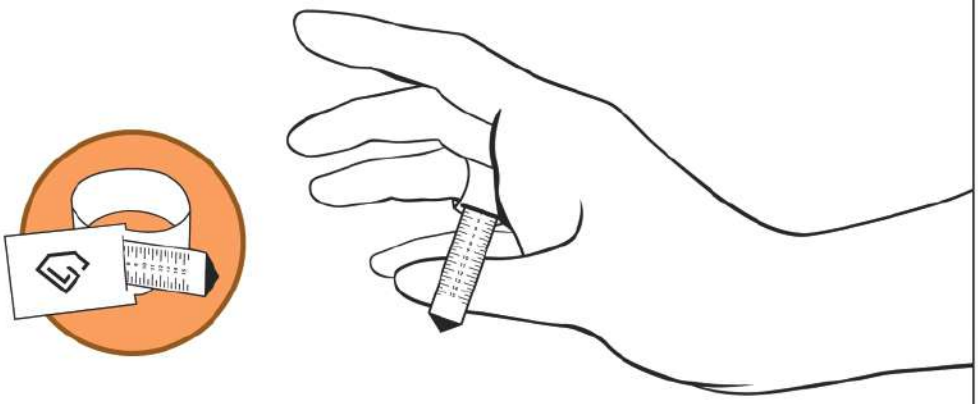
Instructions for Ring Sizer

① Click the Print Button at the bottom right in order to print out this page.
② Make sure that you print these instructions on size A4 paper, and after cutting out your Ring Sizer, it should measure 3 1/2 inches (8.89cm)
③ Use the scissors to cut out your Ring Sizer, and cut along the dotted line to make a slit.
④ Insert the black triangle through the slit, making sure the numbers are facing the outside.
⑤ Place the Ring Sizer on the desired finger, pulling the black tab until it fits comfortably. It should not be pulled to tight.
⑥ Read the number that is closest to the dotted line. This is your ring size.





Loose Grown Diamond
